

Your Call Can Make the Difference

Important: Call Congress for Pension Relief [This Year](#)

With the election over and a new President to be inaugurated in January 2021, you may be wondering what this means for efforts to protect your Central States pension. Election day has come and gone, but Congress is in session until the end of the year. During this “lame duck” session, **we still have a chance to pass a bipartisan solution to protect Central States Pension Fund** and many other struggling multiemployer pension funds from becoming insolvent.

We have waited nearly five years for Congress to take action on this crisis. We can't afford to wait any longer.

Please call your Members of Congress now!

Call Your U.S. Senator: (833) 738-0064
U.S. House Representative: (877) 311-7162

Insist that Congress provide economic relief to protect your pension and those of 1.3 million other workers and retirees covered by these plans. It's time to get this done, once and for all!

As always, please ask your family, friends and co-workers to join you in this critical effort.

What to Say When You Email or Call

Your calls make a difference!

- Tell them your story: where you worked and for how long, where you live, how you survive on your pension.
- Tell them to pass relief for multiemployer pensions and the essential workers covered by these plans before the end of the year.
- If you served your country ... thank you. Remind them that you served.
- Remind them that their decision on this issue will affect how you vote in future elections.

Don't give up if you get a busy signal or voicemail. Keep trying...Congress will listen!

Call Everyday ... Encourage Family, Friends, and Co-Workers to Call
